WebEOC 8 – Control Panel

The screenshot shows the WebEOC 8 Control Panel interface. At the top, a blue header bar contains the text "Welcome, Brian Creasy. You are logged in as" followed by two dropdown menus labeled "Role Name" and "Incident Name", and icons for settings and help. The Intermedix logo is in the top right corner. Below the header, there are four browser tabs, each labeled "Board Name". A left-hand navigation menu is open, showing a list of items: "Boards", "Action", "Action", "Action", "Action", "Action", "Action", "Action", "Other", "Board A", "Board B", "Communications", "Contact", "Messages", "Plugins", and "Plugin Board A". Each item has a plus icon and a right-pointing arrow icon. Two callout bubbles are present: one pointing to the tabs with the text "Tabs retained from last login", and another pointing to the "Board A" item in the navigation menu with the text "Open in tab or new window".
